

Nordic Network

Music Festival 2023

A new initiative within the Nordic
Network of schools !!

October 20th, 2023! Are you interested in participating??

I would like to invite you and your school to participate in the Nordic Network Music Festival. This is a new initiative that we at Futuraskolan International Bergtorp in Täby, Sweden proposed and had approved by the Nordic Network Committee. We are really excited to bring this to fruition.

- A music Festival where students from NN schools can share their love of music and come together in a workshop and a concert for each other. Date: Friday October 20th 09:00 - 16:00. The event would culminate in a combined concert.

- All NN schools are invited to apply to participate. Maximum of 10 schools to participate. For 2023 there will be 3 Stockholm schools involved. Application will be processed and schools chosen to participate - It is logistically impossible for all schools to participate. (Fee for participation is 1000 sek)

- Each school has a maximum of 20 participants + accompanying staff.

- Each school travels independently to the location of the Festival (This year it would be Stockholm, Sweden). Each school organises and pays for their own travel. Students outside of Stockholm would need to arrive the day before the event.

- Schools would need to organise their own accommodation. We can help with recommendations/tips.

- Each school has 10 minutes in the concert AND a combined Mass Choir song. Schools can include any forms of music (& dance) by any year levels during their time allotment. Try to keep logistics simple.

- Location of the event - Tibble Theatre, Täby, Sweden. Futuraskolan can provide access to some musical instruments and will organise the sound technicians. The idea is only live music - no backing tracks. Bring any specific instruments you would need.

- Combined choir item decided on by organising school. Staff to perform accompaniment to the combined item. All parts, sheet music and recordings to be provided in a google classroom. Google meets to finalise all preparation, organisation and rehearsals.

Kind Regards,

Kevin Munro

Principal

Futuraskolan International Bergtorp

Stockholm, Sweden.
